

Technical drawing of a bridge cross-section. The drawing shows a central pier with four piles (1, 2, 3, 4) and a deck with two lanes. Dimensions include pile spacing (230, 340, 230), pile diameter (45), pier width (115), and various offsets (4.5, 0.75, 0.25, 0.50). The drawing is labeled with 'D' at the top and bottom, indicating the direction of traffic. The drawing is a cross-section view, showing the bridge structure from the side.
